

PORT DEVELOPMENT 'PERPETUAL PROBLEM'

Commissioner Pounds Says
City Must Attract Business.

Lewis H. Pounds, a Commissioner of the Port of New York Authority, discussed the necessity for prompt enlargement of port facilities in an address yesterday at the Apollo Theatre. Under the auspices of the Educational Journal of the Port of New York Authority, saying that the matter of the

port was a "perpetual problem" on which every one should be enlightened. "We are not only fighting to keep business here," said Commissioner Pounds, "but we want to attract new business. Under properly developed facilities New York could do ten times the business. Increased business means prosperity, and, among other things, it would provide in our cities more money for schools so badly needed." The address marked the opening of an essay contest on port development which the Educational Council is conducting in schools and colleges of the metropolitan district, including Westchester and the New Jersey district bordering the port.

ORIENTAL RUGS

No floor covering of to-day so enhances the decorative effect of a room as the hand-woven product of the East—no other still follows the same method of manufacture employed over several centuries, giving to each rug the interest of individuality as against the unvarying monotony of the machine.

The assortment is not limited to only the finer qualities, but embraces all such more reasonable weaves as we can conscientiously recommend.

Sloane Vacuum Cleaners

Years of experience in the care and cleaning of household fabrics were instrumental in evolving a Vacuum Cleaner of domestic size, which, in our judgment, represents the best of its type.

It weighs but 12 pounds, is strongly made of aluminum, simple in operation and with suction of such strength as to make any beating or brushing device unnecessary.

It thoroughly cleans but does not damage the fabric. The name "SLOANE" cast in the metal is your guarantee of satisfaction. Price complete with 8 Attachments, \$48.00
